THE JAMESTOWN MAGAZINE

The Concession Awarded to Al-
bert Hess, Who Ran Similar
Publication at Portland.

(Special to The Times-Dispatch.)
NORFOLK, VA., April 4.—It was said at the office of President Barr, of the Seaboard Air Line, to-day that the location of the Seaboard's new general office building, is still an undecided question and that the matter is yet "all in the air." No further statement could be obtained, and it would not be said what cities along the line of the Seaboard system are considered available for the general offices outside of Portsmouth. The general air in the Seaboard circles seems to be that the offices may not only be moved from Portsmouth, but may be carried from this section. If Portsmouth is to lose them, Norfolk, it is intimated in some quarters, may not get them, and the whole section may be injured by their removal from Portsmouth.

The Portsmouth business interests are much stirred over the prospects of the removal of the offices and the question is to be considered at a meeting in that city to-morrow evening, when the right of the Seaboard to move from Portsmouth after the accepting of franchises and concessions from that city will be considered and discussed with a view of ascertaining what Seaboard franchise was granted conditionally upon the Seaboard building a union depot in Portsmouth and maintaining its general offices therein.

"The Jamestown Magazine," a periodical to be devoted to exploiting the Jamestown Exposition and chronicling the events of that enterprise will be issued in Norfolk by Mr. Albert Hess, an old newspaper man and magazine writer, who was in charge of such a publication at the Portland Exposition. The department of concession of the Jamestown Tercentennial yesterday afternoon granted the privileges to Mr. Hess to publish the magazine, which also includes the publication of all programs, notices and catalogues. The magazine which will be spread broadcast over the country, advertising Tidewater Virginia, as well as the exposition, will be issued monthly and contain from forty-eight to sixty-four pages.

It will involve an expenditure of \$20,000, which will be spent in Norfolk. Mr. Hess will employ trained writers in his publication and will leave in a short time for Northern and Western cities to close advertising contracts for it. The wrecking tug I. J. Merritt, of New York, which yesterday succeeded in floating the stranded tug Margaret, proceeded from Norfolk to Cape Henry to-day and began working on the Italian bark Antonio, which stranded at the Cape Saturday night, while bound from Paysandu, Uruguay, to Alexandria, Va. It is believed that the Antonio may yet be saved. The Gladstone Hotel is undergoing extensive improvements, and is expected to be in first class order by the 1st of May.

DEBATERS CHOSEN.

Brick Plant Sold—State Hospital
to Sell Ground.

(Special to The Times-Dispatch.)
WILLIAMSBURG, VA., April 4.—The student body of William and Mary assembled in the college chapel last night to listen to the preliminary debate for the honor of representing William and Mary College in the intercollegiate debate to be held here Friday night with Randolph-Macon College. The four best debaters in college had been chosen for the preliminary debate. They were J. M. Hillman, E. B. Falson, G. L. H. Johnson and J. W. Hefflin. The judges were Rev. D. W. Merritt, N. L. Henley and H. M. Phillips.

Each of the four gentlemen put up a good debate, and the judges were for a time considerably troubled to decide which two were best, but finally chose Messrs. J. W. Hefflin and E. B. Falson. These gentlemen will represent William and Mary in the first intercollegiate debate over held here. Last night only students were allowed, but Friday night a large crowd of people are expected from the town.

Mr. L. W. Jones has sold his brick plant and twenty acres of land surrounding, in Camp Hill, and is going to Melville, DeBaux and R. T. Boyd, of New York for \$5,000. The purchasers expect to develop the business.

The authorities of the Eastern State Hospital will cut up the lot of land lying between Francis, England and Ireland Streets, and sell them for building lots.

HAD NOT WALKED
FOR 11 MONTHS

Terrible Sore on Ankle Caused
Awful Suffering—Could Not Sleep
nor Rest—Physician Said Leg
Would Have to Be Amputated.

CURED BY CUTICURA
IN SIX WEEKS

"I had a terrible sore on my ankle and had not walked any for eleven months. I tried nearly everything without any benefit and had a doctor, but he didn't seem to do any good. He said I would have to have my leg taken off, and that I would never walk again. I suffered awful, and at night I could not sleep at all. I thought there was no rest for me, but as soon as I began to use Cuticura Soap and Ointment it commenced healing nicely. I bathed the ankle with warm water and Cuticura Soap and then applied Cuticura Ointment to the infected part, and laid a cloth over the sore to hold it in place. After two weeks I could walk around in my room real good, and in six weeks' time my ankle was entirely cured and I was walking around out of doors. I am enjoying perfect health and have gone to work and feel as well as I ever did in my life, so I know that the Cuticura Remedies are the best in the world."

"Cuticura was recommended to me by a lady who had used it when her baby's head was so full of sores he could not lie down. She had to set him up in her arms to sleep." (Signed) Mrs. Mary Dickerson, Louisa, C. H. Va., April 22, 1905.

THE FARMERS IN SURRY
GET FERTILIZERS LESS

They Are Well Pleased With
Their Plan of Co-operation.

(Special to The Times-Dispatch.)
SURRY, VA., April 4.—The Farmers' Co-operative Association, of Surry, held a meeting to-day and gave a partial order for spring supplies through their purchasing agent, and the farmers saved more than \$500 for themselves in this one order and I do not doubt that they have organized for a permanency.

The organization bids fair to be of great help to others also as the price among the local dealers on fertilizers has been running 22 per cent over last season to all buyers.

Politics is being discussed by some and the merits of all are being carefully weighed by the individual voter, and so far as your correspondent has been able to judge, Francis R. Lassiter is far in the lead for congressional honors in the newly acquired territory of the Fourth District.

Mr. Maddison, the fertilizer inspector of the Second District, was around to-day and came before the farmers while in session and said if the secretary would notify him when they had received their goods from whatever source that he would come and inspect it in their barns.

The health of Circuit Clerk A. S. Edwards is much improved. Last court day was his first absence from attendance on the court here since his first induction into office over thirty years ago, and he was elected last November for another term of six years.

A MAD DOG.

A. J. McNeil Under Arrest for
Alleged False Pretenses.

(Special to The Times-Dispatch.)
MARTINSVILLE, VA., April 4.—A dog belonging to Mr. R. L. Hundley, of Martinsville, went mad to-day and bit two of Mr. Hundley's children, aged about 2 and 3 years, and also a cat and a cow. Mr. Hundley has taken his children to a mad dog hospital at the home of Mr. Koger, in Patrick county. The dog was killed. A. J. McNeil, a merchant and local politician of Roanoke, Franklin county, was arrested in Roanoke yesterday and brought here last night to answer a charge of obtaining goods under false pretenses from Pedigo and Pinley, lumber dealers. He was bailed for his appearance before Judge Walter to-morrow. The bond required being five hundred dollars.

PRACTICAL ROAD WORK

Petersburg to Co-operate With
Dinwiddie County in Building
Highways.

(Special to The Times-Dispatch.)
PETERSBURG, VA., April 4.—A third and probably final public meeting on the proposed sale of the Young Men's Christian Association building is to be held at the association hall next Monday evening, when a report will be made by the committee appointed at the last meeting, about a month ago, to raise by public subscription fifteen thousand dollars to improve the present building on Sycamore Street, and obviate the plan of the board of directors to sell it for thirty-five thousand dollars, and build a smaller home nearer the residential section, which proposition aroused great discussion, and has been strongly opposed.

Contributors to the fifteen thousand dollar fund will have one vote at the Monday night meeting for each dollar subscribed. It is reported that less than three thousand dollars of the required sum has been raised.

A five thousand dollar appropriation for laying a terra cotta main down Lieutenant Run to the impounding reservoirs was made by the Council last evening. The proposed improvement was recommended by the Water Committee, and will be a most valuable protection against possible contamination of the main stream of the city's water supply.

Five hundred dollars was appropriated for the removal of the pest house to a site approved by the board of health and the city attorney, and an ordinance, presented by C. W. Bland, chairman of the Water Committee, was adopted providing for the filling of all wells and springs on property abutting on streets, where water mains now are or are to be laid.

The special committee on sewers was authorized to spend the appropriation of thirty-one thousand dollars, which has been made for the extension of the system.

The appointment of the janitor in the municipal buildings was put in the hands of the Public Property Committee, thus removing that matter from the caucus of the Council and Aldermen, to nominate city officers to-morrow night.

Extensive public improvements in Dinwiddie county are to be undertaken by the road board of the county, co-operating with the Petersburg Chamber of Commerce Committee on Roads and Streets in raising five thousand dollars, half of which is to be raised in this county. In order to obtain state aid under the Cassin-Wilders road bill actual work on the roads will not be started before the first of next July, when the State highway engineer's office is organized according to the new law.

The intervening time will be actively employed by a voluntary Dinwiddie county committee, of which E. E. Atwood, of Burgess's, is chairman, and the Petersburg Chamber of Commerce Committee, of which State Senator Lassiter is chairman. In obtaining contributions to the five thousand dollar fund to be added to twenty-five hundred appropriated by the county.

The road board has decided on the improvement of the road from Petersburg to Hatcher's Run at Burgess's, and seven thousand cubic yards of granite, estimated as necessary to the work, have already been contributed by E. F. Atwood, J. S. Beck, Charles T. Lassiter and J. C. Smith.

Argument on the two special pleas of the defense in the A. W. Harris case before Judge Mullen in the Hustings Court was concluded at half-past two o'clock this afternoon, the court announcing that it would render decision later, and continuing the trial of Robert Traylor, the negro who is charged with stealing the cotton at Harris's instigation, until the next term. The gist of the legal dispute is the question whether or not Harris can again be tried after his acquittal by Mayor Jones.

The stockholders of the Country Club elected the following officers at the annual meeting last evening: President, Duncan, Wright; Vice-President, J. W. Seward; Secretary and Treasurer, Mrs. R. C. Scott; Board of Governors—A. K. Davis, Charles Hall Davis, Alexander Hamilton, W. Gordon McCabe, Jr., M. C. Jackson, R. E. Hall, W. L. Zimmer, Jr. A committee was appointed to report on hunting rules at an adjourned meeting.

The Petersburg Aerle of Eagles has elected the following delegates and alternates to the first State Grand Aerle of the order to be held in Norfolk, Va., on the 10th inst.: Delegates, W. B. Bland, George Mason, J. T. Powers, J. W. Wells, Charles R. Walsh; Alternates, Dr. W. P. Hoy, Charles T. Lassiter, A. R. Moody and J. W. Wesson. C. G. Pleasant as district deputy grand worthy president, and William Kenig, as past worthy president, are delegates by virtue of their office.

Pain

Wears Out the Nerves.

Do you realize that pain is weakening, and exhausts your vitality? Don't you remember how completely worn out you felt after that last attack of headache, neuralgia, backache, periodical or other spell of suffering? Nearly every case of inflammation, apoplexy, paralysis, epilepsy and insanity is directly due to the weakening influence of pain upon the brain nerves? For this reason every one who suffers from pain of any kind should not fail to get relief as quickly as possible.

You can do this by taking
Dr. Miles' Anti-Pain Pills—
others do.

I have used Dr. Miles' Anti-Pain Pills for years, and can say they have never failed. I always keep them in the house, in fact I have rather been without sugar than the pills. Previous to using them I had always suffered with sick headache, sometimes being bed fast for three and four days. I had tried nearly everything I ever heard of, some would seem to help at first, but after a short time the effect would wear off. It is five years now since I began taking Dr. Miles' Anti-Pain Pills, and the results are as good as new.

MRS. W. M. MARSHALL,

ELEGANT SUPPER.

Mr. W. F. Cunningham Tenders
Friends Ante-Nuptial Banquet.

(Special to The Times-Dispatch.)

KEYSVILLE, VA., April 4.—Mr. W. F. Cunningham, a prominent citizen of Keysville, who will in a short time marry an accomplished New York lady, Mrs. E. F. Bedell, gave a banquet last night to his gentlemen friends in town. About fifty were present, and an elegant supper was served. Major J. W. Moore acted as toastmaster. The following were the toasts: "Our Host—His heart is as large as his body. From the signs of the times, we think we can predict that soon he can realize the sentiment: 'Two souls with beat as one.' Responded to by Mr. C. A. Hunt."

"Our Real Estate Agents—They build up the town without out their mission."

But without the commission they would be in a bad condition. Responded to by Mr. W. F. Cunningham.

"Our Physicians—They come to see us when we are sick, and minister to our ills. And when we get well we forget to pay their bills."

Responded to by Dr. H. C. Henry.

"Our Ministers of the Gospel—They teach us in sickness and encourage us in health."

Responded to by Rev. Mr. Powell.

"Our Merchants—They are in good shape financially, and have no occasion to borrow money from banks."

Responded to by Mr. A. B. Hamner.

"Our Railroads—They are the great arteries of commerce, which afford life to the business world."

Responded to by Mr. Lewis and Captain H. D. D.

"Our Bachelors—They bore the young ladies and worry the old maid."

But to tackle either or both, are never afraid.

Responded to by Mr. D. S. Gauley.

"Woman to woman, a mistress of arts, who robs a bachelor of his degree and sometimes even forces him to study philosophy by means of certain lectures. Without her the first man found the Garden of Eden but a desert. For her, kings have given up their thrones, generals have left their armies, and the course of empire has been turned aside. She is the fairest work of the great Architect. The edition is large and no man should be without a copy."

Responded to by Dr. Floyd J. Gregory.

COUPLES MARRIED
FOR FIFTY CENTS

A Virginia Parson Accommodating
to Romantic Couples
From Kentucky.

SPECIAL FRILLS A DOLLAR

The Parson Keeps a Store and
Has an Eye to
Custom.

(Special to The Times-Dispatch.)
OSBORN'S GAP, VA., April 4.—The residence of the Rev. John C. Swindal, near this place, is becoming a Grotto Green for lovers, who are looking to the romantic side of marriage. Most of the couples coming to this place on marriage bount are from Kentucky. There are three facts that have to do with the coming of the eligibles to this Mecca. First, parental opposition to the match; second, marrying costs less in the Old Dominion than it does in Kentucky; and, third, the capitals of the two counties in upper Kentucky, where marriage licenses are issued, are farther off from those living near the border than Clintonwood, the capital of this (Dickenson) county.

When a pair of lovers decide to have the matrimonial knot tied they engage the services of a friend to procure the marriage license from the clerk's office at Clintonwood on the day before the ceremony is to be celebrated, and the couple, with a friend or two, start for the Mecca at an early hour of the morning, frequently calling on the parson before breakfast. The fee is fifty cents at the parson's. His eyes twinkle merrily at sight of these couples, for besides his fee, he has a little country store, and it usually means a small bill of goods by the groom for his bride—just to please her.

Sometimes the parson is asked to meet parties on the mountain. Just on this side of the border line—far enough to make the marriage legal under the license issued in Virginia. In such cases his fees are a dollar each—for each marriage, not each one of the pair.

The parson occasionally has queer bits of experience in "spicing" the lovers who apply to him. One buxom lass, a prospective bride, "backed out" on her lover twice, but the third time being "the charm," she lost her name-identity in the patronymic of her husband.
